

Propét Global Limited News Release

Propét Global Limited News release - September 1, 2008

PedRx Footwear is the therapeutic footwear collection developed and designed specially for people who have foot problems – caused by disease, hereditary conditions, overuse or injury - and require customized modification and/or fitting on their shoes by pedorthists.

PedRx Footwear has the largest selection of A5500 coded comfort walking shoes. All styles are made of the highest quality material and workmanship with minimum three widths, wide range of sizing, and removable insoles.

PedRx Footwear will be proudly presenting its world-class product line at the following two upcoming trade shows

- 2008 Medtrade Expo at Georgia World Congress Center, Atlanta, Georgia, from October 28 to 30, 2008 – Booth number 4034 (Propét USA). (<http://www.medtrade.com>)
- 2008 Pedorthic Footwear Association (PFA) Symposium and Exhibition at Gaylord Opryland Resort and Convention Center, Nashville, Tennessee from November 6 to 8, 2008 – Booth number 609 (Propét USA).

PedRx/Propét USA is delighted to be a show sponsor for PFA by providing the fabulous Symposium Tote Bags.
