

Propét Global Limited News Release

July 9, 2010 – Today, the Board of Propét Global Limited presented the final approval to Propét China's Management Team for its renovation plan of Propét China's office in Panyu, Guangzhou.

The discussion began after Propét China's 15th anniversary celebration in September 2009, and the renovation project team was first put together in late 2009, and for the last 8 months, the team has diligently studied the feasibility of renovation and expansion for the current location of Propét China's Guangzhou office in Shanmen Village, Hualong Panyu. After an extensive research and comprehensive process of consultation and interview with a variety of professional consultants and contractors, the final renovation plan was completed in June 2010, and today, the team's hard work is paid off with the approval of the Board.

Robert Propét, Founder, Chairman and CEO of Propét Global Limited, has been most supportive and passionate about the renovation plan; "our colleagues at the Guangzhou Panyu Office have played a very integral part of Propét Global's growth and success over the years, and this renovation plan has been overdue – this is a reward for everyone's hard work over the years and an affirmation for the future! With more and better office space, we are positioning ourselves for the growth in the next five to ten years. I appreciate the support and foresight of the Board."

The renovation plan will begin soon, and the majority of the plan is expected to be completed by early September 2010, with a number of minor projects spread out for their final completion before the end of 2010.
